

COMMUNITY DENTAL FOUNDATION TOOTH FAIRY FOUNDING SPONSORSHIPS

Community Dental Foundation, 501(c)(3) organization, is dedicated to providing underserved children in Maricopa County with a better future by improving their oral health. The Foundation's mission is to provide full-mouth dental services to children 2-20 years of age who do not have insurance, access to dental care or transportation to get help.

Seventy-five per cent (75%) of the children seen by Community Dental Foundation have never been to a dentist and they have tremendous needs – multiple fillings, root canals and crowns. Services are provided via a mobile, state-of-art CDF Mobile Dental Clinic on the same day sending children out with corrected smiles, a new tooth brush, and improved self esteem. They are also taught how to care for their teeth. These children need our help and the number of children coming to the Clinic keeps growing every day.

The Community Dental Foundation proudly presents Splendor in November – a Tooth Fairy Garden Party & Boutique at the Fairmont Scottsdale on November 7. Sponsorships are available for this event, which are wonderful opportunities to make a difference in the smiles of these underserved children.

The economy presents interesting challenges for everyone. It is with that knowing that we offer a Tooth Fairy Founder's Club Sponsorship for this event. The Foundation is asking that you join this mission by joining the effort to vastly improve children's oral health by becoming a Founding Tooth Fairy Sponsor for \$2,000.00. This investment would immediately translate into serving more children.
